Killerfornia

Spice 1

[Incomprehensible], killerfornia, biatch
Hustlers, players, gangstas, ballers, pimps, players
All of those shit, I see all that shit
You know, killerfornia, blow, blowI'm hell bound, niggas wanna kill me in my sleep in killerfornia
Where the murderers be ambitious to creep
And leave you six feet, sleep with the sharks in the Bay
I'm out the yea where they back up shit they talk with AK'sNiggas in L.A. trigger fingers itchy to spray
Call it the golden state but niggas be rich off the game
You get your cash on, the Crips and Bloods be bangin'
Nigga, get your mash on, dre-lock them Uzi, we sayin'Leavin' your brains hangin', you'll get caught up in the cross fire
'Cause you'll be dog meat, lose your life in the jungle
Niggas is savages, thugged out and it's hard to be humble
When niggas ride up gaffle your shit and then leave you tired upMoney and murder, I pop a sherm stick
Niggas tend to bring the drama when I bury your dick
But I'm hardcore, ready to kill shit up and war
Wonder what else this motherfuckin' state got in storeSo much drama in northern California
('Cause killa kali is the state for the drive-by)
Such a scandalous day but I love the place
(That's why I duck when they fly by)So much drama in southern California
('Cause killa kali is the state for the drive-by)
Such a scandalous place, had your smile in your face
(That's why I duck when they fly by)From Sacramento to San Diego, from Compton to the Oakland city
Locked up and thugged out, killer's ready to ride with me
Stackin' caps player pieces, Rolexes and saggy pants
Just poppin' collars drunk as hell off HennesseySmokin' up Grams as ounces the purple [Incomprehensible]
Weed or straight up chronic, niggas still out to get paid
Fuck the world, I wanna die high, it's sunshine in killa kali
But still the bullets fly, palm trees and sandy beachesBut niggas stay strapped with heaters
Born sinnin' and ready for drama that's how they leave us
500's and Lexi coupes, niggas roll up with they troops
Ballers be flashin' loot, if you gon' jack that nigga be ready to shootAnd bring the pain 'cause it ain't no comin' back in killerfornia
Fuck with the wrong niggas, they turn and blast on ya
Dump executional style and leave your ass goner
Still do my dirt all by my motherfuckin' lone in killerforniaSo much drama in northern California
('Cause killa kali is the state for the drive-by)
Such a scandalous day but I love the place
(That's why I duck when they fly by)So much drama in southern California

('Cause killa kali is the state for the drive-by)
Such a scandalous place, had your smile in your face
(That's why I duck when they fly by)No self-defense laws, bullet proof vests is illegal
But you can go to the gun sto' and purchase yourself a desert eagle
All of my homies is felons, some even died in my face
Some niggas still ridin' around with a whole trunk full of yeaFrisco to Fresno niggas do dirt and ride with their head low
Indictments on mob style tactic murder for cash flow
Cause jail bars, gangstas and ghetto stars
Niggas don't give a fuck, bullet wounds and stab scarsHell of players and pimps, hustlers and gangstas with limps
Snitches that disappeared into thin motherfuckin' air
Haters be dreamin', schemin' to catch ya slippin'
Just to get to dippin' after midnight AK's spittin'See the fire from the barrel standin' down the block
I got a flock of desert eagle fifty cal shots
Can't let these sucka ass niggas put one in my dome
When I'm sittin' at home with a whole arsenal of my own in killerforniaSo much drama in northern California
('Cause killa kali is the state for the drive-by)
Such a scandalous day but I love the place
(That's why I duck when they fly by)So much drama in southern California
('Cause killa kali is the state for the drive-by)
Such a scandalous place had your smile in your face
(That's why I duck when they fly by)So much drama in northern California
Such a scandalous day but I love the place
So much drama in southern California
Such a scandalous place, had your smile in your faceSo much drama in northern California
Such a scandalous day but I love the place
So much drama in southern California
Such a scandalous place, had your smile in your face
