

# Music Sounds Better With You

## Big Time Rush

Better with you, yeah  
I tried to write this down  
The words just don't come out  
It's hard to say how you feel  
Been down the longest road  
Said yes when I meant no  
I lost control of the wheel  
Cause you know that  
Things get so bad  
You've got my back  
Make me wanna sing, and girl I'll sing about ya  
No sweeter sound than what I've found  
No perfect love could be more perfect than us  
Oooo baby  
It feels like  
It feels like  
Music sounds better with you  
Baby  
It feels right  
It feels right  
Everything's better with you  
I used to think that love  
Was something fools made up  
Cause all I knew was heartbreak  
Oh, I couldn't help myself  
Let this heart go through hell  
There's only so much a heart can take  
Cause you know that  
Things get so bad  
You've got my back  
Make me wanna sing, and girl I'll sing about ya  
No sweeter sound than what I've found  
No perfect love could be more perfect than us  
Oooo baby  
It feels like  
It feels like  
Music sounds better with you  
Baby

It feels right  
It feels right  
Everything's better with you  
Every song  
Every rhyme  
Every word  
is better with you(Music sounds better with you)  
Every day (every day)  
All of the time (All of the time)  
Every way  
Music sound better with you  
She's my music enhancer  
When the music plays she's my dancer  
When I'm around her everything's faster  
Every question I have she's the answer  
I'm head over heels  
Can't explain that this all so real  
When I'm around you baby you make me feel like  
Everything's better with you  
Oooo baby  
It feels like  
It feels like  
Music sounds better with you  
Baby  
It feels right  
It feels right  
Everything's better with you  
Oooo baby  
It feels like  
It feels like  
Music sounds better with you  
Baby  
It feels right  
It feels right  
Everything's better with you  
The music sounds better with you  
Music sounds better with you
