

Together

Juels

Oh ya
Alright
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
 Let's do it together
See I'm your Bonnie and you're my Clyde
 I'm always gonna be here by your side
And there's something you should know
 Let's do it together
 I know we don't always
 See eye to eye
 'Cause you be looking one way
 And so am I
 We got an understandin'
 And that's just how it is
 No matter what the problem
 We're still makin' ends
 Baby, you know
 I'm loving all this time with you
 Ain't letting you go
 I don't wanna lose a good thing
 Not too young to see
 That true love comes once in a lifetime
 So come with me
 We can do this together
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
 Let's do it together
See I'm your Bonnie and you're my Clyde
 I'm always gonna be here by your side
And there's something you should know
 Let's do it together
 I told you from the get go
 I'm down to ride
 Ain't no looking backwards
 We'd be one for life
 Love can be so demandin'

It's all in the game
But as long as we're together
We'll make it through the rain, ya
Baby, you know
I'm loving all this time with you
Ain't letting you go
I don't wanna lose a good thing
Not too young to see
That true love comes once in a lifetime
So come with me
We can do this together
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
'Cause you know I'm there for you
No one can love you better
All the things that we've been through
No one can take ya place
You and I against the world
Let's make it last forever
You're the only one for me
You wantchu, I wantchu
I need you, I love you
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
