

# Something to Say

## Louden Swain

Dancing with fate  
Heâ€™s late when they ring the bell  
Bowtie wonâ€™t lie  
Heâ€™s gonna have to do it himself

Heâ€™s not one to listen  
Truth is his religion  
Opens the door, foot on the floor  
Heâ€™s got something to say

Donâ€™t ask her why the sky is bluer in Bel Air  
The castleâ€™s afloat  
The moat ensures you wonâ€™t get her there  
People stare

Sheâ€™s trapped by an indifference  
The trees are interference  
Fear taking hold  
You got to be bold

If youâ€™ve got something to say  
Everyone has the day  
She got something to say  
Everyone has their day

You canâ€™t bring me down

Oh, you got something to say  
Put it on the edge of the stage  
Everyone has today  
You got something to say  
Put it on the edge of the stage  
Everyone has the day  
You got something to say  
Put it on the edge of the stage  
Everyone has the day  
Do you got something to say?  
Put it on the edge of the stage

Everyone has the day

Everyone has today, their day

You got the day

Do you have your way?

Your way, your way

Gonna get your way

You got something to say

What have you got to say?

You got something to say
