Wish It Was

Magna Carta

I made a promise to myself
to never fall again
I put up a defence
and I let nobody in
How can I forgive
the way you left my heart
How can I forget
when I'm reminded by a scarAnd how do I erase a tear
thats fallen on my page
I dont know where we went wrong
but I know this aint no love song
Yeah I know this aint no love song
but i wish it wasTheres no one here to blame
So I guess it's up to me
To look the other way
Even though it's hard to seeAnd how do I erase a tear
thats fallen on my page
I dont know where we went wrong
but I know this aint no love song
Yeah I know this aint no love song
but i wish it wasOh yeahAnd how do I erase a tear
thats fallen on my page
I dont know where we went wrong
but I know this aint no love song
Yeah I know this aint no love song
but i wish it wasYeah I wish it was.
