No Way Out

Sebadoh

Lookin' at a new routine is the way to be
Ain't no way out and the wheels are lazy
Give a livin' when you're that again
Hoard in sunshine, medicine
Fell apart as humans will, they walked away from everything
Carry a lantern, "cause I may live away
Where I can relax when I leave this place
Defined by age, I'm a monkey in rage
Store it in rhythm "cause they cover more space (?)
The Garden of Eden is a garbage dump
Wild with daisies, I'm a hardcore punk
Gridlock, jury, dismarry, dustbowl, dustcat deserving, gridlock, working...
