

Beverly Cleary's 115th Dream

Vandaveer

Well, Ramona forever seems like
Such a very long time
But time's the one thing that's
Never on your side
But I'm on your side
Yes, I'm on your side
Most of the time
And it's such a very good side
And that's a very good sign for Peace and love and harmony
And all the things that lovers need
Like hope and health and clarity and time
Oh precious, precious time Ramona, well heaven's to Betsy
You've got to try try try
Try to smile more often than you do
More often than you do
It's the healthy healthy healthy thing to do Well, Ramona, yesterday was very difficult for me
Difficult for you
So you kept your distance too
Though I don't blame you
I could really use you now
I could use your company now
If we keep our wits somehow
We just might pull through and Ramona, for goodness sakes
We got to make make make
Make the most of our time for Peace and love and harmony and
All the things that lovers need like
Hope and health and clarity and time
Oh precious precious time
