

I'll Be There (Instrumental)

Chic

(Into the disco scene) I'll be there
I'll be there Life began for me
When a single DJ
dropped the needle on my vinyl (everybody Dance)
I look out to see
People on the dancefloor
living proof of our revival Every night night was a blast
We were flying fast
flying free, we were driven
No I don't (wanna live in the past
But it is a nice place to visit)
And if you come along
I'll be there If you come along
I'll be there
And if you come along
I'll be there
And if you come along
I'll be there
If you come along Equal days and nights
All around the world
There was an explosion (the clock keeps turning)
I was more alive (it's getting late)
'Cause we worship music and it symbolized emotion Smash after smash after smash
I appreciate all the gifts I was given
Now I don't wanna live in the past
But its a nice place to visit
So if you come along
I'll be there If you come along
I'll be there
And if you come along
I'll be there
And if you come along
I'll be there
If you come along I'll be there
I'll be there
And if you come along
I'll be there If you come along
I'll be there
And if you come along

I'll be there
No place like home
I'll be there
So if you come along
I'll be there I'll be there
I'll be there
I'll be there (Let's get through it, we almost did it)
