I know that she loves me
The way that she touch me
And the way that she carry on
She knows that it turns me on
She knows that I love her

The way that I carry on, yeah
So baby girl, I'm gonna get you undressed
I know you like it when I give you rough sex
Bend over, let me hold you from your neck
Piss me off and let mi get upset

No fore play, no kiss, no caress
Upon mi shoulder a weh yuh gonna put your legs

The way that she touch me
The way that she carry on

Piss me off and let mi get upset
I bet you know what's gonna come next
No fore play, no kiss, no caress
Upon mi shoulder a weh yuh gonna put your legs
We gonna have the best make-up sex
The way that she touch me
The way that she carry on
She knows that it turns me on
She know that I love her
The way that I touch her
And I know that it turns her on
The way that I carry on, yeah
The way that she touch me
Carry on, turns me on
The way that I touch her
And I know that it turns her on
The way that I carry on, yeah
