Sad and Deep As You

Traffic

Lips that are as warm could be
Lips that speak too soon
Lips that tell a story
Sad and deep as youSmile that's warm as summer sun
Smile that gets you through
Smile that tells a story
Sad and deep as youThe eyes that are the windows
Eyes that are the dew
Eyes that tell a story
Sad and deep as youTears that are unspoken words
The tears that are the truth
Tears that tell a story
Sad and deep as you
