

# Vengeance

## For the Fallen Dreams

Never kid yourself  
Never were, never will be shit to me  
Fucking worthless You are nothing  
Nothing more than a common whore  
You're dead inside  
This is nothing  
When will you learn your lesson  
Mother fucker Day to day  
Waking up  
I look in the mirror  
For my vengeance You can't change this  
Cause i'll will always be  
Above you You are nothing  
Nothing more than a common whore  
You're dead inside  
This is nothing  
When will you learn your lesson  
Mother fucker(?) Step off You are nothing
