Born to Be Alive

Samantha Jade

I'll jump straight through the clouds,
I wanna crash with you
Free fall, ten thousand miles without a parachuteI know that it's dark at night,
But I set fires with you,
My sun always rises, baby,
Rises just for you!Right now I need you, and I need you bad
I'll love till I'll have a heart attack
'Cause baby we were never born to die,We were born to be alive
We were born to be alive
Right now I need you, and I need you bad
We were born to be aliveSo sweet, I'm floating in oceans
I wanna drown in you (youuu)
If I leave, just for one moment
I'll always come back to you (youuu)
I know that it's dark at night,But I set fires with you,
My sun always rises, baby,
Rises just for you
Right now I need you, and I need you bad
I'll love till I'll have a heart attack
'Cause baby we were never born to die,We were born to be alive
We were born to be alive
Right now I need you, and I need you bad
We were born to be alive
We were born,
We were born to be alive
We were born,
We were born to be aliveWe were born,
We were born to be alive
(We were born,
We were born to be alive
We were born,
We were born to be alive
We were born,
We were born to be alive)Right now I need you, and I need you bad
I'll love till I'll have a heart attack
'Cause baby we were never born to die,
Right now I need you, and I need you bad
I'll love till I'll have a heart attack
'Cause baby we were never born to die,We were born to be alive

We were born to be alive
Right now I need you, and I need you bad
We were born to be alive
