

Damn Baby

Montgomery Gentry

Damn baby
Are we crazy
Crazy enough to think that we might make it?
Well maybe
If we take it slow enough to make love
Cause baby I believe
Chorus:
Ever in my life girl have I
Been this close to something so real
Something so good that it makes me feel like
Damn baby
It's the way we take this to another place
That I've never been

Damn baby
Baby I ain't no fool
Baby look at you
Damn baby
It's the way we take this to another place
Yeah baby
You drive me crazy
What do you say
We lock the door and leave the world outside
Damn baby
Come on baby
