

# The Wall

## Yuck

Tryna make it through the wall  
Tryna make it through the wall  
But you can see me if you're tall  
But you can see me if you're tallTryna make it through the wall  
Tryna make it through the wall  
But you can see me if you're tall  
But you can see me if you're tall  
Lookin' overTryna make it through the wall  
Tryna make it through the wall  
But you can see me if you're tall  
But you can see me if you're tallTryna make it through the wall  
Tryna make it through the wall  
You can see me if you're tall  
You can see me if you're tall  
Lookin' overAnd I know that I'm in space  
And I know that it's not real  
It's just the way that I feel  
It's just the way that I feelAnd I know that I'm in space  
And I know that it's not real  
It's just the way that I feel  
It's just the way that I feel  
Lookin' overTryna make it through the wall  
Tryna make it through the wall  
You can see me if you're tall  
You can see me if you're tallTryna make it through the wall  
Tryna make it through the wall  
But you can see me if you're tall  
Well, if you're tall  
Lookin' overLookin' over  
Lookin' over  
Lookin' over  
Lookin' over
