Touch Me

Superhumanoids

Home alone
I feel a phantom
Dim light close
Strangers howl at a moon
Can you help me, can you help me?
Home alone
I feel a phantom
What's new
Forgotten overgrown
Can you help me, can you help me?
Visions of your face
Looking at me differently
When I long for change
Can you help me, can you help me?
All this time away
And the space that grew between
When I long for change
Can you help me, can you help me?
Can you help me?
Home alone
It goes off what we've known
Skin and bone
Can you help me, can you help me?
Visions of your face
Looking at me differently
When I long for change
Can you help me, can you help me?
All this time away
And the space that grew between
When I long for change
Can you help me, can you help me?
Can you help me?
