So Beautiful

Idina Menzel

Sometimes, I watch you when you're sleeping
I see you're having dreams tonight
And I know just by the way you're breathing
That I'm a vision in your mind
Wherever you may go my love
Wherever you may be
And all that matters in this world
Is just lying next to me
So sleep tight sweetheart, you're free
So beautiful, you make me smile
So wonderful, you're in my life
Incredible, that you are mine
So beautiful, you give me life
You bring me joy you bring me sight
I watch the way you love your family
And how everyone looks to you
And I don't want to be here standing
If you didn't hold me, baby hold me up like you do
Wherever I may go, my love

Wherever I may be
I know my dreams will find you
Just lying next to me
So sleep tight sweetheart, you're free
So beautiful, you make me smile
So wonderful, you're in my life
Incredible, that you are mine
So beautiful, you give me life
You bring me joy you bring me sight
You help me see the woman that I know, I am
But always was afraid to be
You show me how live every moment like it's the last
And be all that I am you're so beautiful
So beautiful, you make me smile
So wonderful, you're in my life
Incredible, that you are mine
So beautiful, you give me life
You bring me joy you bring me sight
You're so, so, so beautiful baby
