Damned In Black

Immortal

March of the black
Dungeon onesBeyond the dim
They shapeMarch of the black
Demonic onesBeyond the dim
They lurkMarch of the black
Awakened beastsBeyond the dim
They rageHordes of evil march
Til the end you fallDrawn to the apocalypse
It's the age of endingDamned in black
Damned in blackThe ghastly rivers whirl
Swallowing all in sightCome the vision we await
Into the blinding depths
And never to returnDamned in black
And never to return
Damned in blackMarch of the black
Dungeon onesBeyond the dim
They shapeMarch of the brave
Immortal godsFrom beyond the dim
We rise
