

Cherry On Top

Jake Owen

Well, I love the way she dances around
In her underwear
She probably woke the neighbors up by now
Ah, but she don't care Oh, what a pretty face
Spillin' her wine all over the place
Shaking everything she's got around
Her towel comin' off and her hair comin' down She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine She's prettier than all the other girls with no make up on
She's a cupcake, she's a milkshake
She's cool whip, cherry on top
Ah, but not for long Oh, I'm a lucky guy
For the life of me I don't know why
She loves me but I know she does
'Cause she shows me every time we make love She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine
Oh yeah, she's mine, all mine She's got that look in her eye
She's drivin' me crazy, drivin' me crazy
And I can't believe
She's beautifully, playfully, hopelessly, faithfully mine
Oh, yes she's mine, all mine Yeah, well I love the way she dances around
Oh, she's prettier than all the other girls
She's a cupcake, she's a milkshake
She's cool whip with a cherry on top
