Guarded Heart

Victoria Vox

What do you do with a guarded heart?
One that's so unsure
How do you tell it to love again?
To trust that it's secure

Oh what do you do with a guarded heart?
How do you break down the walls again?
Towering so high
Pinhole to light is hold enough
So baby to please try

Oh how do you break down the walls
Trying to love you
But I'm not getting through

[Instrumental Bridge]

Where do you turn when the comfort breaks
Must stop at sea
Wondering where to carry you
Until you find your peace

Oh where do you turn when the comfort breaks
What do you do with a guarded heart?
Oh what do you do with a guarded heart?
What do you do with a guarded heart?

What do you do with a guarded heart?
