

First

The Ready Set

It's never what you say it is
And you're so bad at hiding it
When she talks I know you're listening
(When she talks I know you're listening) So show me how you ache
Show me how you wanna watch my heart break
Breathing in my words
Like I'll be the one to make your lungs burn But I can't, but I can't, but I can't, cus I loved her first I loved her
first (Yeah) And I know, and I know, and I know, and I know it hurts You want me, to only come around when
you're lonely
But I can't, but I can't, but I can't, but I can't, cus I loved her first
(First, first, first)
(But I can't, but I can't, but I can't, cus I loved her first)
A foolish game, a foolish kid
No subtleties involved with it
With those lips no sense bothering (Love)
Tell me what you want
Half the fight is knowing it can't be won, ooh
Breathing in my words
Like I'll be the one to make your lungs burn
But I can't, but I can't, but I can't, but I can't, cus I loved her first
I loved her first (Yeah)
And I know, and I know, and I know, and I know it hurts
You want me, to only come around when you're lonely but
But I can't, but I can't, but I can't, but I can't, cus I loved her first
(First, first, first)
(But I can't, but I can't, but I can't, but I can't, cus I loved her first)
I have no place in your arms
You've got no place in mine and that is why
You want to see me hurt
But I can't, but I can't, but I can't, but I can't, cus I loved her first
I loved her first (Yeah)
And I know, and I know, and I know, and I know it hurts
You want me, to only come around when you're lonely but
But I can't, but I can't, but I can't, but I can't, cus I loved her first
I loved her first
I loved her first
I loved her first
I loved her first
