State of Emergency

Papa Roach

There's a movie playing in my head
Bombs falling and children crying
The sunrise and the sky turns red
Load your guns tonightThere's a song playing down the hall
All alone there's an old man dying
I can't feel anything at all
Something isn't rightThis is a state of emergency
I've been running from a tragedy
There's a battle raging in my head
I don't wanna to be left for deadThis is a state of emergency
Don't wanna be another casualty
There's a cemetery in my head
I don't wanna be left for dead, left for deadThere's a world standing in my way
Father said that I best stop trying
Stand down, it will be okay
You don't have to fightThere's a picture hanging on the wall
Of a memory that I'm denying
The sun sets and the angels fall
Something isn't rightThis is a state of emergency
I've been running from a tragedy
There's a battle raging in my head
I don't wanna be left for deadThis is a state of emergency
Don't wanna be another casualty
There's a cemetery in my head
I don't wanna be left for deadNo, don't leave me here alone
I don't wanna make this hell my home
I would rather die than sell my soul
I would rather lie than let you goThere's a voice screaming in my head
Telling me that I'd best stop crying
Stand up, it will be okay
Load your guns tonightThis is a state of emergency
I've been running from a tragedy
There's a battle raging in my head
I don't wanna be left for deadThis is a state of emergency
Don't wanna be another casualty
There's a cemetery in my head
I don't wanna be left for deadState of emergency
State of emergency
State of emergency

I don't wanna be left for dead
Left for dead, left for dead
