Devil's Night

Graham Weber

I am an enemy of everything
My life is not for sale
My heart is in this fight forever
What can you take from me?
When there?s not a single fucking day
I haven?t fought to stay alive?
We?re finding hope in the hopeless
I am still their voice that gets stuck in your head
I am me
And I have come to fucking scare you to death
Because that?s what you deserve you disgusting piece of shit
I know the only words that you have for me
Are give up and get out
You'd like to think that we've been beaten
But we're here to stay
Forever and always
Every single day
Not giving up, living up all my dreams
So go ahead and look like I?m inferior
Condescension, Suffering, Callousness and Loathing
Are the badges I have earned for my cause
And I am finding hope within hatred
A reason to persist, to push past everything
We are here
And we have come to scare you to death
Because that?s what you deserve
You fucking fake ass hypocrites
I know the only words that you have for me
Are give up and get out
You'd like to think that we've been beaten
But we're here to stay
Forever and always

So loud
We are the ones that you pushed away
For drowning your voice out
You?d like to think
We've been defeated, but we?re here to stay
Forever and always

We've been through everything
And we all have our scars
We may be broken but you
CAN?T KILL ALL OF US
GOOOOOOOO!!!
Think before you fucking speak
I am no villain, think before you fucking speak
People fear what they don?t understand
And so now beauty has become the fucking beast
(Maybe you didn't hear me?)
I SAID GO FUCK YOURSELF!!!
I know the only words that you have for me
Are give up and get out
You?d like to think
That we've been beaten but we?re here to stay
Forever and always
So Loud
We are the ones that you pushed away
For drowning your voice out
You?d like to think
We?ve been defeated, but we?re here to stay
Forever and always
