

# Refuge (Outro)

## Canyon City

There is a darkness  
In my head  
In my head

There is a shadow  
Every step  
Every step

There is a refuge  
In your heart  
In your heart

There is a rescue  
In your arms  
In your arms

Oh

There is a darkness  
In my head  
In my head

There is a shadow  
Every step  
Every step

There is a refuge  
In your heart

There is a rescue
