

# Call Me

## Go West

Face to face, my reflection in your eyes  
I was scared to say too much  
Perfect strangers in perfect worlds apart  
Almost close enough to touch Staring at my shoes  
Feeling so confused  
Shot down without a gun  
Victim of a hit and run, won't you Call me, call me  
No time to hesitate  
Oh, we must communicate, yeah  
Call me, call me  
Won't you call this number now? Mesmerized  
I go back to where we met  
A reconstruction of the crime I can't track you down  
Nowhere to be found  
Now my one shot at success  
Is the power of the press, won't you Call me, call me  
No time to hesitate  
Oh, we must communicate, yeah yeah  
Call me, call me  
Won't you call this number now? Call me  
I want you to call me  
Call, call, call me  
Worlds apart  
We are worlds apart Watch this space  
There's a message here for you  
No need to read between the lines I am inside out  
There can be no doubt  
I want you and no-one else  
Please identify yourself Call me, call me  
No time to hesitate  
Oh, we must communicate, yeah  
Call me, call me  
Won't you call this number now? Call me, call me  
I'll be waiting here for you  
I don't know what else to do  
Call me, call me  
Girl, won't you call this number now?  
Girl, won't you call me? Call me, call me  
No time to hesitate

Oh, we must communicate  
Call me, call me  
Won't you call this number now?
