

Stars Die

Porcupine Tree

The moon shook and curled up like gentle fire
The ocean glazed and melted wire
Voices buzzed in spiral eyes
Stars dived in blinding skies Stars die
Blinding skies Tree cracked and mountain cried
Bridges broke and window sighed
Cells grew up and rivers burst
Sound obscured and sense reversed Stars die
Blinding skies Idle mind and severed soul
Silent nerves and begging bowl
Shallow haze to blast a way
Hyper sleep to end the day Stars die
Blinding skies
