

# Tiger King

## Circe's Diner

He plays guitar like a tiger  
I want to lay beneath his claws  
Let my tongue get tangled up inside you  
I want to hear that tiger roar

Time will tell  
but I'm not ticking

Quiet now  
Don't waste the time

And if that tiger ever gets hungry  
he must take one bite  
As I am often famished  
I get ravenous at night

People fall  
But I'm not falling

This is just  
a fantasy

The tiger is coming to town  
The tiger is coming to tea

Oh baby put on your crown  
Cos' I gotta be your queen

Watch me now like a devil  
I gotta burn beneath your coals  
wrap me up inside your treble  
just one kiss and I was sold

Winter comes  
but I'm not slipping

Seaagles fly  
but I like the ground

Wrap me up in paisley

and throw away the key

Take me down to crazy town  
Coz' crazy's where I should be
