

# Faith In Each Other

## Inxs

All the people  
In this world  
All the people  
In this world  
I gotta tell you  
It's alright  
Look at the cover  
Of a magazine  
The pride of a nation  
Down on the knees  
I gotta tell you  
Let the people speak  
I gotta tell you  
All you got to have faith  
In each other  
All you ever  
Have for each other  
Give us a reason  
To go on a living  
It's all in the choices  
That you have to make  
I gotta tell you  
You better make them good  
I gotta tell you  
All you got to have faith  
In each other  
All you ever  
Have for each other

Yeah, in each other  
Yeah, in each other  
Yeah, in each other  
All you got to have faith  
In each other  
All you ever  
Have for each other  
All you got to have faith  
In each other  
All you ever

Have for each other  
All the people  
In this world  
All the people  
In this whole wide world  
I gotta tell you  
Let the people speak  
I gotta tell you  
All you got to have faith  
In each other  
All you ever  
Have for each other  
Yeah, in each other  
Yeah, in each other  
Yeah, in each other
