Burn

Dope

We don't know what to believe
We only go by the t.v.
I don't know but I will fight
I won't let my brothers dieStand up
Stand tall
All for one and one for allKill the fucking enemy
Kill the fucking enemy
Burn burn burn the mother fuckers down
Kill the fucking enemy
Kill the fucking enemy
Burn burn burn the mother fuckers to the groundI cannot hide from your disease
The more you die the more I breathe
I won't go blind for your lies
I will not die, you will dieStand up
Stand tallHit em now and we watch em fallBurn burn burn mother fucker
