

You Never Loved Me (At All)

Barbara Mason

i use to love everything about you
i use to think i couldnt live without you
i use to build my whole around you
and you hurt me so bad
and you i dont feel the same

(chorus)

cuz you never loved me at all
i was a fool to fall like i did

i use to wait for your phone call
but you wouldnt call me at all
i use to wait for you late at night
hoping you'd hurry and come home
and everything would be alright

(chorus 2x)

cuz you never loved me at all
i was a fool to fall like i did

there were times when i thought you cared for me
then i, i would wake up
it was only a dream

(chorus 2x)
