

# Walk This Way (Groovy Guitar Mix)

**Daniel Ash**

She can dance  
When she walks down the street  
Seems to float through the air  
Like in a real good dreamDark brown skin  
This angel blues just under six  
Feet tall now  
And never sings the bluesGot to go, got to get away  
Got to go, go, go, go, go  
Before it's too lateWalked into my life  
Around quarter to three  
She ain't no angel you know  
And it's getting to meWith a dirty little smile  
And these eyes of blue  
I'm telling you honey  
This ain't no good for youGot to go, got to get away  
Got to go, go, go, go, go  
Before it's too lateNow it's a quarter to six  
And the sun begins to shine  
You just woke yourself up  
You start work at nine  
You told yourself before a million times  
This ain't no good for youGot to go, got to get away  
Got to go, go, go, go, go  
Before it's too lateShe said, walk this way, etc
