

Stalemate

Nada Surf

Stalemate, stalemate
When do I jump out of the cake?
Stalemate, stalemate
When do we admit it's a fake?
Stalemate, stale
When do I jump out of the cake? I'm the nervous watcher
And I watch
Time to turn it on
But I turn it off 70% of the time
I watch
Useless and over the line
Stuck Stalemate, jailbreak
When do we admit it's not safe?
It's not safe in a jail
When do we admit it's not safe?
It's not safe in a safe
When do we admit it's not safe? I'm the nervous watcher
And I watch
Time to turn it on
But I turn it off 70% of the time
I watch
Useless and over the line
Stuck Should have been a wreck
Might have been a wreck
I don't know how it can last
I don't know why it doesn't crash Should have been a wreck
Might have been a wreck
I don't know how it can last
I don't know why it doesn't crash Stalemate, stalemate
When do I jump out of the cake?
Stalemate, stalemate
When do we admit it's a fake? Stalemate, stalemate
Stalemate, stale
Stalemate, stalemate
When do I jump out of the cake?
