Three Headed Mind Pollution

Infectious Grooves

-Muir-Trujillo- (4:24)
Three headed mind pollution
I made up my mind, do you mind that I really don't mind?
I gotta align my mind, but I ain't got the time
My mind mind? Yes, it minds. now do you mind?
I made up my mind, do you mind that I really don't mind?
Out of my mind
Three headed mind pollution
When the mind goes blind, you just might find
The mad man was busy sucking down the wine
Three headed mind pollution
I made up my mind, do you mind that I really don't mind?
I gotta align my mind, but I ain't got the time
My mind mind? Yes, it minds, now do you mind?
I made up my mind, do you mind that I really don't mind?
Out of my mind
Panic
I'm not gonna ask, you ask
Are you now or have you ever been
A member of the three headed mind pollution?
Three headed mind pollution, out of my mind
I'll take a double three headed mind pollution
Extra chili and cheese, to go!
