

# Leisure Suite (The Red Demos)

## Feist

In my leisure suite  
Quit talking  
Just talking  
Please  
In my leisure suite  
Sometimes  
I feel the room surround me  
With possibility  
Build fires to stoke them  
Let's fix what's been broken  
Words have been stolen  
But silence is golden  
In my leisure suite  
Just a place to meet  
We can press repeat  
And do what we do when we're there  
Don't come knocking  
This doors for locking  
Have you got the key  
In my leisure suite  
Hang up your jacket  
Undo my back zip  
Please  
Moonlight on blanket  
It's great when your backlit  
Features in close-up  
The moment we woke up  
In my leisure suite  
Just a place to meet  
We can press repeat  
And do what we do when we're there  
In our leisure suite  
Come lie next to me  
We can be complete  
And do what we do when we're there  
In my leisure suite  
In my leisure suite
