Hannah Montana, Hannah Montana, she twerkin ontop of my Phantom, Got Hannah Montana she twerkin so
much can't handle er!, Gr, Gr, Gr I'm eatin er like a cannibal,

Still got yo bitch she white, Hannah Montana In it for the Handler

In the kitchen, and she baking like Anita

Hit the club, diamonds shining like I'm drinking Magarita

I'm in London with the plug, getting the same car as the Beatles

Got bricks in the Audi, the Hannah Montana, the molly go crazy

Got Lizzy Mcguire, Got Lindsay Lohan and I can't forget about Katy

I keep the white like the 80s, I keep the white like I'm Shady

Put the white rims on the Mercedes, young nigga feel like Pat Swayze[Hook][Verse 2: Takeoff]

Got your main bitch on the Hannah, she dropping and popping no castles

I'm smoking on gas like tobacco, I'm drinking on lean taste like Snapple

In the vip rolling a cord, passing out mollies to foreigners

They popping them like they some skittles, 2 bitches one me, Malcolm in the middle

Hop off up in the new Bugatti, cameras flashing paparazzi

She popping that capsule, no Nazi

I'm twisting the rock like I'm Roci

She sweating like she ran a mile, she soaking wet she need a towel

She sucking her lip, biting down

She moaning and making them sounds

She came while she sucking me now

I'm looking at her like damn

Hannah making them go bananas

She fucking and sucking on camera

Pop a Hannah, she got stamina

My jag, still a Panorama

I'm beating the pussy like Michael, I call her Dirty Diana
