

Just a Glimpse

Stillsuit

Just wait
There's no need to frustrate
Waiting is the best part
I'll see you, it's only a matter of time
(Before I)
I love you
And no one can take that away
(Still crying)
To prove to you
This isn't just an obsession
(Your soul)
Lights up inside
(Scared of my own dreams)
Super imposed
(Wanting to release)
You twist the ocean
(Cry myself to sleep)
It tastes good to me
Sweet, sour, flavor
(Still crying)
Your taste, makes
Cringe and smile
(Your soul)
Lights up inside
(Scared of my own dreams)
Super imposed
(Starving for release)
You twist the ocean
(Cry myself to sleep)

It tastes good to me
For just one more glimpse
Just one more glimpse
(Please let me in)
Just one more glimpse
(Scared of my own dreams)
Just, just one more glimpse
(One more glimpse of you)
(If you can help)

Help, help me out
One more chance, help me out
One more glimpse, just one glimpse
Of her face, I am broken
For just one more glimpse
Just one more glimpse
(Please let me in)
Just one more glimpse
(Scared of my own dreams)
Just one more glimpse
(One more look at you, you)
Just one more glimpse
(If you can help)
Just
(If you can help)
Just one more glimpse
(If you can help)
