Waiting

Andrew Lippa

Time is running out you know I've gotta leave You're holdin on so tight that I can hardly breathe All I wanna do and what I try to say is we can make it through But then you tell me I will wait for you forever don't be gone too long 'cause we're hanging on like we always do When it all goes wrong I remember that I'm lucky that I found you and after all that that we say and do I think you know it's true that I will be waiting that I will be waiting too The clock keeps ticking on

but I'll be coming soon I'm counting every minute down cause I miss you I'll be there for you forever Hanging on like we always do when it all goes wrong I remember that I'm lucky that I found you And after all that we say and do I think you know it's true that I'll be waiting I will be waiting too cause we're hanging on like we always do when it all goes wrong I remember that I'm lucky that I've found you after all that we say and do I think you know it's true that I'll be waiting I'll be waiting I'll be waiting for you (I'll be waiting)

I'll be waiting for you (I'll be waiting) I'll be waiting for you for you
