Arrhythmia

Idiot Pilot

You are a discretion
A digital response
We should have found the mountain tops
In case we were years from here to execute and find our way our tunnelWe found a way
To hereLadies and gents
Ladies and gents
Ladies and gentlemen
We give to you ArrythmiaLadies and gentlemen
We give you the light
Burning bright to you
Bright the spark says the way
Good luck
We fought so hard
To winWe found a way
To hereLadies and gents
Ladies and gents
Ladies and gentlemen
We give to you ArrythmiaCome on and get inside
Sit back enjoy the ride
Come on and get inside
