## Idiot Pilot

You are a discretion  
A digital response  
We should have found the mountain tops  
In case we were years from here to execute and find our way our tunnelWe found a way  
To hereLadies and gents  
Ladies and gents  
Ladies and gentlemen  
We give to you ArrhythmiaLadies and gentlemen  
We give you the light  
Burning bright to you  
Bright the spark says the way  
Good luck  
We fought so hard  
To winWe found a way  
To hereLadies and gents  
Ladies and gents  
Ladies and gentlemen  
We give to you ArrhythmiaCome on and get inside  
Sit back enjoy the ride  
Come on and get inside
