The Time Machine

H.P. Lovecraft

Ride upon the time machine
It only costs a dime, it's clean
Step inside, sit down and let it happenYes sirDon't be outside looking in
You might not get the chance again
You'll feel fine as soon as you're strapped in
It's really keen
23-skidoo
You're on the one and only homemade time machineFlashing lights excite ascension
Whirl, twirl, swirl
Fifth dimension
