

# The Time Machine

**H.P. Lovecraft**

Ride upon the time machine  
It only costs a dime, it's clean  
Step inside, sit down and let it happen  
Yes sir Don't be outside looking in  
You might not get the chance again  
You'll feel fine as soon as you're strapped in  
It's really keen  
23-skidoo  
You're on the one and only homemade time machine  
Flashing lights excite ascension  
Whirl, twirl, swirl  
Fifth dimension
