

Heart Ain't A Brain (Produced By The Underdogs)

Chris Brown

It's a 360 turn
Sittin' where we begin
Like beginnin'
And here's the end
Like kissin'
And missin' class
But what
We needed to learn
Was different
Than just some math
It's the big picture
We missed it
The big figures
Just didn't add up
We said
Let's noy leave on bad terms
In between
Them bad words
This could be love right?
Uh, huh
But are we gon' leave
When it's this good?
Damnit we just cause
Seems this lovin's
All for nothing
Baby, you know
A heart ain't a brain
But I think
That I still love you
A happy endin'
Makes it right
Cause it ends
When you don't want to
And it makes perfect sense
To end it like the start
How do I explain
This nonsense to my heart?
A heart ain't a brain
But I'm thinkin'
That I still love you
It's a fly twist
Just when you said

I got this
Right when the fight
Has stopped it
Seem my body felt wrong
Held on them nights
We held on
We can't let it go
But if we don't then
We will never know
We we said let's not leave on bad terms
In between those bad words
This could be love right?
Uh, huh
But are we gon' leave
When it's this good?
Damnit we just cause
Seems this lovin's
All for nothing
Baby, you know
A heart ain't a brain
But I think
That I still love you
A happy endin'
Makes it right
Cause it ends
When you don't want to
And it makes perfect sense
To end it like the start
How do I explain
This nonsense to my heart?
A heart ain't a brain
But I'm thinkin'
That I still love you
