Elsewhere

R. Kelly

Seems like we're done here
Looks like that's everything
She walks by one last time
Checks for her things and leave the keys behindThere will be more tears
As she's beginning to drive away
It's all clear now
There's no real reason to have the painNow I know love has kept me here and my pride has kept me here
And hope keeps singing it's alright, I'll be fineBut she'll be going elsewhere
And she'll be lying else where
And she'll be wanted elsewhere
And I'll be somewhere thinking about herAnd she'll be living elsewhere
And she'll be laughing elsewhere
And she'll be happy elsewhere
And I'll be just fine without her someday
That's what I keep telling myselfWas it the right thing?
Was this our biggest mistake?
Still call sometimes but she's got nothing to say
And still she stays awayIt's got me questioning
If I ever meant the same to her
How could she? Why would she do these things?
Put me through this pain nowIf love is what we have then how could it have been so bad
That she don't think it's worth a fight, she won't tryBut she'll be trying elsewhere
And she'll be loving elsewhere
And she'll keep secrets elsewhere
And I'll be somewhere thinking about herAnd she'll be willing elsewhere
And she will be giving elsewhere
And she'll have feelings elsewhere
But hope keeps saying Kells, you can make itBut in the meantime I can't sleep, I can't think
There's so many things in my head
Things she said, things that she meant
Things that I started feeling the day that she leftThings that I slept on, things that I should have accepted
Things I expected and the things I neglected
I better get up off my arse
Catch the first flight out and get her back or elseShe'll be living elsewhere
And she'll be crying elsewhere
And shell be feeling elsewhere
And I'll be somewhere thinking about herShe'll be smiling elsewhere
And she'll be laughing elsewhere
Giving all of my sweet love away elsewhere

That's the reason why I gotta catch that flight
I'm out of time
