

# I Own This

Jasmine Villegas

I don't even know you  
And yes, that is my boyfriend Jealousy and envy will get you nowhere fast  
Ugly vibes you send me just make me wanna laugh  
Now why you wanna ruin perfect situations?  
Some call it hating but I call it fabrication  
You talk about us like it's some infatuation  
Quit spreading rumors 4 u make me lose my patience U G L Y, you ain't go no alibi  
So why you constantly up in my mix?  
U G L Y, better find yourself another guy  
Cause chica, please believe I own this  
I own this, I own this, I-I-I-I-I own this  
I own this, I own this, I-I-I-I-I own this U G L Y, you ain't go no alibi  
So why you constantly up in my mix?  
U G L Y, better find yourself another guy  
Cause chica, please believe I own this Quit leaving messages on his profile page  
He just deletes 'em and he throws 'em all away  
It doesn't matter what you say or what you do  
I'm still his shorty and he's still my baby boo U G L Y, you ain't go no alibi  
So why you constantly up in my mix?  
U G L Y, better find yourself another guy  
Cause chica, please believe I own this  
I own this, I own this, I-I-I-I-I own this  
I own this, I own this, I-I-I-I-I own this U G L Y, you ain't go no alibi  
So why you constantly up in my mix?  
U G L Y, better find yourself another guy  
Cause chica, please believe I own this Will you please, will you please  
Leave us at ease, us at ease  
Will you please, will you please  
Leave us at ease, us at ease Everybody knows your reputation  
I'm a put you on blast on my radio station  
I got a brand new dedication  
So u need 2 ease up w/ all the fronting and faking U G L Y, you ain't go no alibi  
So why you constantly up in my mix?  
U G L Y, better find yourself another guy  
Cause chica, please believe I own this  
I own this, I own this, I-I-I-I-I own this  
I own this, I own this, I-I-I-I-I own this  
I own this, I own this, I-I-I-I-I own this
