Roam

Broken Twin

Now that you're free
Finally facing the sky
Balancing on a tide
Between day and night
Now that you're free
Now that the stars are aligned
I hope you know what to find
I hope you make up your mind
Roam
You're on your own
And the world is new
Infinite oceans of blue
Now that you're free
Roam
You're on your own
And the world is new
Infinite oceans of blue
Hanging all over you
Now that you're free
Finally facing the sky
Balancing on a tide
Between day and night
Now that you're free
Now that the stars are aligned
I hope you know what to find
I hope you make up your mind
Roam
You're on your own
And the world is new
Infinite oceans of blue
Now that you're free
Roam
You're on your own
And the world is new
Infinite oceans of blue
Hanging all over you
