Taking It Back

Troy Sneed

Take Me Back
(Lyrics by Ronald Horne)

1. It's not wrong to love the Lord your whole life long. It provides the strength to carry on. He demands saying goodbye to those with evil eyes. So keep on moving and pursuing God's mighty bond! Your nights will be filled with day, so repent of your sins and say

2. Chorus:

Take me back
And I'll go back
To where life began, I'll go back to where I was Jesus's kin. I know he sees these tears in my eyes, because to him it's no surprise!

3. I tried to succeed, and achieve without God's guiding hand and it made me a trouble man. And those that soon departed, left me weak and broken-hearted. So take me back and I'll return to where life began. To where I can become Jesus's friend. He sees the tears of my own way and now I'll humbly say

4. Chorus:

Please take me back
Take me back
Lord take me back today!
