

# Taking It Back

**Troy Sneed**

Take Me Back  
(Lyrics by Ronald Horne)

1. It's not wrong to love the Lord your whole life long.  
It provides the strength to carry on. He demands  
saying goodbye to those with evil eyes. So keep on  
moving and pursuing God's mighty bond! Your nights  
will be filled with day, so repent of your sins and  
say

2. Chorus:

Take me back  
And I'll go back  
To where life began, I'll go back to where I was  
Jesus's kin. I know he sees these tears in my eyes,  
because to him it's no surprise!

3. I tried to succeed, and achieve without God's guiding  
hand and it made me a trouble man. And those that  
soon departed, left me weak and broken-hearted. So  
take me back and I'll return to where life began. To  
where I can become Jesus's friend. He sees the tears  
of my own way and now I'll humbly say

4. Chorus:

Please take me back  
Take me back  
Lord take me back today!
