

# Lookin' out for No. 1 (2008 Remaster)

## UFO

Just a kid with a crazy dream  
Wants it all before he's seventeen  
Don't know where to begin With a wild thought he knows the fact  
Whoa, whoa, there's no looking back  
Just gotta stand up and make it real How does it feel to be right out on your own?  
Just gotta keep looking out for No.1 Some people make it and others don't try  
They seem happy to live out a lie  
I'm right here on my own Me, I'm a gambler and I pay for my sins  
I've been there and I'm right back again  
Just gotta stand up and make it real How does it feel to be right out on your own?  
Just gotta keep looking out for No.1 Let's get away right out of here  
It's not soon enough for me  
Breaks of a lifetime, it's there like a lifeline  
Reach out and grab it, it's free How does it feel to be right out on your own?  
Just gotta keep looking out for No.1 How does it feel to be right out on your own?  
Just gotta keep looking out for No.1 How does it feel to be out on your own?  
Just gotta keep looking out for No.1 How does it feel to be out on your own?  
Just gotta keep looking out for No.1 How does it feel to be out on your own?  
Just gotta keep looking out for No.1
