Secret Garden

Rachel Stevens

Let's run and hide

I know the stars like the dark
Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide

Mm mm mm mm
Oh yeah

One single hole in the ice
We dived in with
One little glimpse, paradise
I gave into you, ooh
I knew heaven right there (right there)

One private kiss, stung my lips
Now I'm stuck on you, and who cares
I just want to do it, want to shoot
'Cause you're a trigger for me, I'm a sucker for you
Nothing can stop this feeling (ooh)

Let's get carried away, lost in the dark

I know the stars like the dark
Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide
Find our own paradise
A secret garden

Since it just keeps me confused
My heart didn't choose
God, can't feel, now all I want to do is shoot
'Cause you're a trigger for me, I'm a sucker for you
Nothing can stop this feeling (no it can't, yeah yeah, I know)

Let's get carried away, lost in the dark

I know the stars like the dark

Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide
Find our own paradise
A secret garden

You're private invitation
Into ecstacy
Take cover, keep it locked in
Let's swallow the key
(Let's swallow the key, yeah)

I know the stars like the dark
Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide
Find our own paradise
A secret garden

I know the stars like the dark
Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide
Find our own paradise
A secret garden

I know the stars like the dark
Somewhere in this void of sky
It feels like thousand eyes
So baby, let's run and hide
Find our own paradise
A secret garden

Let's run and hide
