

Postpone The Pain

[Mark Chesnutt](#)

I'm dying to forget about those goodbye words you said
I thought everything was right but you went and left instead
No pain, no gain, well I'm not out to win
All I really want to do is live to love again
Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
Until that day arrives
I'll spend all my nights
Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
The best way to survive
Is spending all my nights
Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
