Banshee

Santigold

Come on, come on
Come on, come on
Come on, come on
Come on, come on
Come on, come on
Come on, come on
Come on, come on
Come on, come onBanshee on my shoulder
And I ain't gon' get no sleep tonight
Said keep doing what I told ya
And the trouble is that she ain't right
Told you get out of my way
Told you get out of my way
Don't wanna hear what you say
Don't wanna hear what you say
Banshee on my shoulder
And I ain't gon' get no sleep tonightStep off the edge, come on
Sweat it all out, come on
Step off the edge, come on
Work it on out, come onLet me play with fire tonight, come on
Dancing through the siren, alright, come on
Rip it up, I'm having a good time, come on
There's nothing about it okay
There's nothing about it okay
Let me keep on preaching to my choir
Will you take me down or push me higher
Rip it up, I'm having a good time
There's nothing about it okay
There's nothing about it okay
I like what you're doing to me
There's nothing about it okay, ay
Come on, come onStaring in the mirror
Yeah I think I see you in the light
Hear a whisper tell me you're nearer
Now if you leave me, I'll be petrified
Told you get out of my way
Told you get out of my way
Don't wanna hear what you say
Don't wanna hear what you say

Staring in the mirror
Yeah I think I see you in the lightStep off the edge, come on
Sweat it all out, come on
Step off the edge, come on
Work it on out, come onLet me play with fire tonight, come on
Dancing through the siren, alright, come on
Rip it up, I'm having a good time, come on
There's nothing about it okay
There's nothing about it okay
Let me keep on preaching to my choir
Will you take me down or push me higher, come on
Rip it up, I'm having a good time, come on
There's nothing about it okay
There's nothing about it okay
I like what you're doing to me
There's nothing about it okayLet me play with fire tonight, come on
Dancing through the siren, alright, come on
Rip it up, I'm having a good time, come on
There's nothing about it okay
There's nothing about it okay
Let me keep on preaching to my choir
Will you take me down or push me higher
Rip it up, I'm having a good time
There's nothing about it okay, come on
There's nothing about it okay, come on
I like what you're doing to me
There's nothing about it okayCome on, come on
Come on, come on
Come on, come on
Come on
